GENERAL REGULATIONS

All OMC International Championships are organized and directed by OMC HAIRWORLD INC. Registration is open to all competitors current with their OMC member country organizations.

According to article 9 of the OMC's bylaws, it is essential for all OMC member country organizations to observe and respect the OMC No-Compete Clause. If this is not the case, their membership with OMC will be canceled.

OMC member countries can only organize national championships.

OMC member organizations cannot organize international championships that are not under the auspices of OMC. If they are interested in organizing an OMC international championship, the organizations concerned can send a request to the OMC World President.

All competitors of OMC member country organizations can only compete in competitions organized under the auspices of OMC World. If they act otherwise, they will not be able in the future to compete in OMC World Championships.

1. Registration Conditions

Only countries that are members of OMC and have paid their current membership dues may take part in the Ladies and/or Gents Sections of OMC International Championships. Registration is guaranteed up to the deadline.

2. Senior OMC Automatic Team Selection

All OMC member country organizations register all their senior competitors on individual basis in the concerned categories. OMC World Cup: The top 3 competitors with the highest accumulated scores will form the country team. The team can consist of competitors from different organizations in a country, because the teams are considered as countries' national teams, not as organizations' teams. All other international championships are carry out on individual basis.

3. Junior OMC Automatic Team Selection at HAIRWORLD

All OMC member country organizations register all their junior competitors on individual basis in the concerned categories. Junior OMC International Cup: The top 3 competitors with the highest accumulated scores will form the country team. The team can consist of competitors from different organizations in a country, because the teams are considered as countries' national teams, not as organizations' teams.

4. 3 teams or less

If there are less than 3 teams in a category registered in any OMC International Championship, the category concerned will automatically become an individual competition. After registration, the countries concerned will be notified.

5. Competitor Citizenship and Residency

Competitors can compete either for their country of residency or for their country of origin, as long as the respective country is a member of OMC.

6. Competitor and Model Release

The competitors and models entering any of the OMC competitions automatically are bound to agree with all OMC copyright conditions stated in the Competitor and Model Release enclosed in the Competition Guidebook. However, it is essential for the countries concerned to send a signed release to the OMC office together with the registration forms. The countries/organizations are responsible for competitors sending the Competitor and Model Release. OMC and the host country shall not be liable for any damage resulting from not submitting the Competitor and Model Release.

7. Competitor Registration Fees

All registration fees for all competitions are fixed by OMC HAIRWORLD INC. Payments can only be made after they receive and approve their delegation invoice. Only one wire transfer by the national organization. No payments will be accepted on site.

2019 OMC Competition Guidebook

8. Registration Files

The registration files must include the names of the competitors and their personal address.

OMC will check all registrations. If registrations are correct, the OMC members will receive an invoice to be paid by the indicated deadline.

The OMC member country organizations are directly and fully responsible for all competitors they enroll. The OMC cannot be made responsible for any infractions made by its members.

In case an OMC member country organization or individual competitor(s) are found to have acted against these rules, either during or after the event, its champion title will be withdrawn, the competitor(s) concerned will be disqualified, it will have to give back to the OMC all awards that were given to the competitor (s) concerned, and a sanction will be attributed to the OMC member organization.

9. Countries' National Trainers

OMC recognizes only national trainers. Example: If a trainer from a different organization is asked to help and train a national team and the team wins the OMC World Cup, only the top 3 competitors from that country will receive the title of OMC World Champions. National trainers will receive diplomas and medals with the title "OMC International Trainer".

OMC will **not** recognize trainers from other countries as official trainers of a national team. If the concerned countries' trainers promote themselves as World Champion trainers of that national team, OMC will disqualify the team from the title. If an organization hires a trainer from a different country, that organization must inform that trainer about the OMC countries' trainers rule.

10. OMC World Cup Entitlement

The OMC World Cup belongs to the national association of the country, not to the competitors. OMC ask the national organization President, not to allow those 3 competitors to have a copy of the OMC World Cup, as this would devalue the importance of the OMC Team World Cup.

It is forbidden for any competitor who is not a winner of the OMC World Cup to promote him/herself on social media with an individual personal photo with the OMC World Cup, not won personally. If this happens, it is considered a detrimental act towards OMC. OMC has the right to revoke the title of his/her national team and revoke the membership of the organization concerned.

11. Junior Age Limit 22 years (day of 23rd birthday excluded)

The day of the competition on stage, all junior competitors must be in possession of their passports or ID cards to show to the Competition Directors as prove of their correct age. In case no proof is provided, the junior competitor/s concerned will be disqualified from the Championship.

Juniors Competitors are not allowed to compete simultaneously in senior tests in the same championship.

OMC Junior Championships - Individual and Team

All junior competition tests are held under the title "**OMC Junior International Championship**". In case of misuse of the junior international title, OMC will disqualify the national association from the title, as well as the junior competitors concerned. **The OMC World Champion Title will be awarded only to the Senior Competitor**

12. Canceling or Rescheduling of Competitions

OMC reserves the right to cancel or reschedule any competition deemed necessary in its sole and exclusive discretion. If OMC cancels a competition, OMC will reimburse the competitors concerned.

Competitors who cancel their participation after the deadline will not be refunded.

13. Competing simultaneously in a Ladies and Gents championship is forbidden

Competing simultaneously in both the Ladies and Gents Section in one and the same championship is forbidden. The competitors can only compete in one Section, either in the Ladies or in the Gents.

COMMITTEE OF WISE MEN

1. The official Committee of Wise Men in both the Ladies and Gent's Hairdressing Section is composed of all the Competition Directors present. If not enough official Competition Directors are present, the OMC Global Director or the General Commissioners may appoint knowledgeable people to carry out the tasks of the Wise Men.
2. Before the competition starts, the Wise Men will go to the floor as a group to check the models. They will see if the competitors have abided by the competition rules. If any infraction is found, penalty points will be given to the competitor by marking the mirror number on the penalty chart, the letter of the infraction committed, and the amount of penalty points.
3. When the competition starts, the Wise Men will separate and observe the competition individually. If they see a competitor commit an infraction, they will record on paper the competitor's mirror number and the infraction that occurred. They will then give it to the General Commissioner who will discuss it with the Wise Men as a group and a decision will be reached.
4. All decisions made by the Committee of Wise Men, such as the penalty point list, will be signed by all General Commissioner. All members of the Committee of Wise Men may request a copy for double-checking purposes. The General Commissioner then forwards the official list to the computer staff in a wax-sealed envelope. When the jury lists are first processed into the computer, the Wise Men's envelope is opened and also entered into the computer, if any penalty points have occurred.
5. The Committee of Wise Men must record the penalty points by taking a photo of the infraction. The photo is a sustainable proof of the infraction. If no photo of the infraction was made, no proof is available, therefore the infraction cannot be implemented. (Except for the stop instruction).
